

The 23rd International Symposium on Microsomes and Drug Oxidations

„Microsomes and Drug Oxidations: From Structures to Regulations and Modeling“

August 30 – September 3, 2020, Prague, Czech Republic

Prague, February 2020

Dear Madam, Dear Sir,
Dear Colleagues,

We are contacting you on behalf of the Local Scientific Committee organizing **the 23rd International Symposium on Microsomes and Drug Oxidations - MDO** (25th Interdisciplinary Toxicology Conference TOXCON 2020 is a satellite meeting). This scientific meeting will be held under the patronage of the Charles University, Prague. The meeting is scheduled **from August 30 to September 3, 2020**, and is usually attended by 250-300 participants from the whole world. The venue for the Symposium is the Faculty of Architecture, Czech Technical University in Prague, Czech Republic, and the official language is English. The MDO website is www.mdoprague2020.cz

The Symposium attract mainly scientists of the research fields of drug metabolism, toxicology, xenobiochemistry, chemical carcinogenesis, structural biology, enzymology and drug development. Therefore, we believe this event is a good opportunity for you to present your products and services to the scientific community in these research fields.

Your presence and contribution will help to a successful organization of the event, and will be fully utilized for this purpose (e.g. lecture rooms rental, production of abstract book). Attached you will find the suggested possibilities for participation and the corresponding standard price list for exhibitors and Symposium Partners. We are open for negotiation regarding some adjustments according to your needs and possibilities. Even if your company will not be interested in exhibition, we recommend to consider the possibility to participate actively or passively in the Symposium program (e.g., presenting a poster).

For further details do not hesitate to contact President of MDO Symposium Prof. Jiri Hudecek (hudecek@natur.cuni.cz) or Monika Senderova from the Organizing Secretariat - phone: +420 726 035 367 (senderova@cbttravel.cz).

On behalf of the organizers,

Jiri Hudecek

The 23rd International Symposium on Microsomes and Drug Oxidations

„Microsomes and Drug Oxidations: From Structures to Regulations and Modeling“

August 30 – September 3, 2020, Prague, Czech Republic

GENERAL PARTNER

- Company logo and link on the web site
- Company logo in the final programme
- Company logo in delegates bags
- Workshop 90 minutes
- Exhibition space 10 m²
- Electrical connection, tables and chairs
- 7 free full registrations
- 1 page of advertisement in the final programme
- Distribution of materials in delegates bags

Price: 150 000 CZK + VAT 21%

MAIN PARTNER

- Company logo and link on the web site
- Company logo in the final programme
- Workshop 60 minutes
- Exhibition space 8 m²
- Electrical connection, tables and chairs
- 5 free full registrations
- Distribution of materials in the delegates bags

Price: 95 000 CZK + VAT 21%

PARTNER

- Company logo and link on the web site
- Company logo in the final programme
- Exhibition space 6 m²
- Electrical connection, tables and chairs
- 3 free full registrations
- Distribution of materials in the delegates bags

Price: 50 000 CZK + VAT 21%

EXHIBITOR

- Company logo and link on the web site
- Company logo in the final programme
- Exhibition space 4 m²
- 1 free full registration

Price: 10 000 CZK + VAT 21% / per 1 day
